More [special offers](#) are listed on our website.

## This Month's Featured Truth Question

**How Does God Carry Out His Economy?** Suppose you have a large container of juice. In order for people to drink and enjoy the juice, you must first find a way to dispense the juice from the container to them. The best way is to pour the juice into clean cups and then distribute it among the people who are present. This is a picture of how God carries out His economy.
